region of Semikvitz, the artillery duel on both sides being very violent.
"Our ships opened fire against the German positions near Sishak, west of Jibei."
"The situation in the Caucasus is unchanged."

STRICT FIGHTING IS REPORTED FROM PARIS

Paris, Nov. 5.—The war office communication made public tonight says:
"Artillery actions have continued during the day in Artois, especially in the Lens sector."

"In Champagne the fighting is going on with the same violence in the region to the north of Meuse. During the recent attacks delivered with the same methods and with heavy effect, the enemy was able to push a few elements into our first line trench at Hill No. 199. Everywhere else the enemy was stopped or completely repulsed in our counter-attacks."

"In the Vosges one of our mines has destroyed at La Chapelle (east of Bladonvillers) a German blockhouse."

"Army of the east: Notwithstanding the violent preparation by their artillery the Bulgarians failed decisively, November 3, in all their attacks against our bridgehead at Krivolak."

"The same day to the east of Babrovo we carried the villages of Momi and Kallak and attacked the hill crests on the frontier. The Bulgarians have shown great activity with their artillery. They have violently bombarded Valandovo. The action engaged in by our troops to the north of Babrovo is going on."

"The Belgian war office statement says:

"The enemy's artillery has been very active and violently cannonaded our positions to the northeast of Dauterke, Roudamme and Saint Jacques Capelle."

"Walphen, Perwez, Avocephelle, Jonkerke, Roudamme and Saint Jacques Capelle have been bombarded. Our batteries have replied vigorously and have executed fires of retaliation against Leke and Saint Pierre Capelle."

CARRANZA CATCHES SUSPECTED BANDIT

By Morning Journal Special Leased Wire.
Brownsville, Tex., Nov. 5.—Martino Rodriguez, Jr., a Mexican, was placed in jail today in Matamoros by the Carranza authorities there, on suspicion of connection with bandit activities on the American side of the river. It is alleged that Rodriguez attempted to recruit recruits for a "revolutionary" army on the American side. This he denied.

Facts Are Stubborn

Leading food authorities—McCann, Goudiss, Allyn and others—unite in attesting the fact that white flour foods lack certain mineral salts essential for life and health. These elements are thrown out with the bran to make the flour white.

The Postum Cereal Co., Ltd., at Battle Creek, Mich., swings wide its factory doors that visitors may see with their own eyes, that whole wheat and barley, retaining these all-important nutritive elements, are used in making.

Grape-Nuts

FOOD

Delicious to taste, easily digestible, and well-balanced in food value, Grape-Nuts is a wonderful builder of the physical and mental faculties.

\$11,000,000 WAS BACK OF HUERTA PLOT TO SEIZE CITY OF JUAREZ

Jose Orozco, Cousin and Chief Lieutenant of Slain General, Makes Full Confession to U. S. District Attorney.

6,000 RIFLES AND 60 MACHINE GUNS ORDERED

Arrest of Former Dictator Said to Have Nipped Action in Bud; More Arrests Expected to Follow Revelations.

By Morning Journal Special Leased Wire.
San Antonio, Tex., Nov. 5.—Jose Orozco, former chief lieutenant of his cousin, Gen. Pascual Orozco, and who is a prisoner at El Paso, has made a complete confession of the alleged plot to restore Victoriano Huerta to power in Mexico, according to information given out tonight at the office of United States District Attorney J. L. Camp, in San Antonio.

It is understood that warrants will be issued for the arrest of at least twelve men said to be implicated in the plot.

Orozco, it is alleged, detailed the story of alleged plans for an uprising with ramifications in half a dozen states and for which agents in New York, New Orleans, Galveston and San Antonio were working. Huerta was in New York while the plans for the invasion of Mexico from the United States were being arranged, according to information from the district attorney's office, but left for the west when everything was ready for launching the scheme to seize Juarez and make it the provisional capital of Mexico. Then came the arrest of the former dictator in El Paso.

The following extract is taken from the alleged confession which was not made public in full:
"There was \$11,000,000 behind the Huerta movement and the former clerical party in Mexico was backing it. Pascual Orozco, Jose Orozco, Isidoro Gomez, Isidoro, former secretary to Orozco, and now living in San Antonio, and Gen. Jose Ynes Salazar, now in prison in New Mexico, were to have been the Huerta generals who were to launch the revolt. As soon as they captured Juarez, Huerta was to have pronounced it his provisional capital. Six thousand rifles had been ordered to the revolt, also sixty machine guns."

According to the district attorney's office, Orozco decided to make a clean breast of his knowledge of the alleged plot when certain friends in whom he trusted and gave money to have his bond furnished proved false. The sworn statement was said to have been made to assistant United States District Attorney R. E. Crawford.

The dinner was given, according to a letter written by Hall, in the celebration of political activities in behalf of the New Haven which resulted in the failure of a company to obtain a charter to build a line paralleling the New Haven. It was the Montville line running from Groton to Norwich, Conn.

"I went over to the capital," Hall wrote on June 9, 1917, to E. C. Robinson, a New Haven director, "and found the railroad committee had resurrected the Montville charter and got it into the senate. As I was all alone I had to fly around among the senators and get them to rebury it. At the little dinner we gave the committee afterward at the Hartford club, they seemed well satisfied."

This and other letters written by Hall to obtain legislation to defeat the charter were put in by the government, according to R. L. Hall of this court, to show the means employed by the New Haven to thwart competition.

NEW WAR COUNCIL HOLDS FIRST MEETING

London, Nov. 6 (14:40 p. m.)—The new war council, which Premier Asquith announced in the house of commons on November 2, would conduct the war, held its first meeting yesterday. It consisted of the premier, A. J. Balfour, first lord of the admiralty, David Lloyd-George, minister of munitions, and Sir Edward Grey, foreign secretary. Three members of the cabinet concerned with various military and naval experts.

When Premier Asquith announced that a cabinet committee of from three to five members would be named to take charge of Great Britain's military operations it was taken for granted that Lord Kitchener, secretary of war, would be one of the members. The fact that he was not present at the first meeting may have been due to his absence from London. Rumors of his resignation as war secretary and that he would take command of the army in France have been officially denied.

MIKADO LEAVES ON JOURNEY TO FORMALLY TAKE SEAT ON THRONE

(Continued From Page One.)

of some prince and princesses of the blood, prince and princesses of the imperial house had driven to the station previous to the emperor and the ministers of state, elder statesmen, peers and other dignitaries had done likewise, in order to receive his majesty and be present at his departure for Kyoto.

Triumphal Portal

In front of the station was a triumphal portal of green and flowers and the emperor passed through this to be received within by the distinguished company which had preceded him. After an exchange of salutations, the emperor and court passed over a carpet of beautiful tapestry especially woven for the function to the railroad train, which moved slowly from the station while cries of "banzai," "banzai," filled the station and were taken up by the great crowd outside.

The imperial railroad cars were built for the occasion at the works of the railway board. The interior decoration was of exquisite taste, with the most exquisite quality. The cloisonne was prepared by Nippon artists and the rest by artists from Kyoto.

Special Royal Car

The royal car itself was designed by Naube Seigoro. It is a combination of sturdy construction and exquisite and delicate workmanship and decoration. The car is divided into seven compartments, connected by a long corridor. The compartment for the use of the emperor and empress is situated in the center. It is of Japanese style of the Fujiwara era. The ceiling is composed of multicolored panels of polished oak containing, in a beautiful and simple design, with rare silk mosaics. The design is the star and butterfly. The walls are hung with rare tapestry embroidered with the imperial chrysanthemum intermingled with the mythological phoenix. Four beautiful panels depict the seasons. The floor is covered with a specially woven carpet of silk velvet.

Armchairs for Majesties

There were two armchairs for the majesties, upholstered in especially designed brocade, one small table for the imperial seal and another upon which rested the imperial scepter.

There are two dressing rooms in the car for the emperor and his consort. The doors leading to these rooms are decorated with rich embroidery. The lower panels consist of Japanese lacquer of the most refined workmanship and skill.

The walls are covered with silk tapestry, and the chairs and benches are of gold. The car in which rested the imperial majesties has six compartments, one for the sanctuaries, one for the soldiers of the imperial guard, one for the ladies in waiting of the court and three for the priests of the imperial household, the sanctuaries compartment being in the center.

AIR PATROLS ON UNITED STATES COAST PLANNED

President Wilson Approves Plan for Volunteer System to Be Inaugurated by Private Citizens in Case of War.

Washington, Nov. 5.—Approval was given by President Wilson tonight to a movement started in Portland, Me., for the inauguration of a system of aerial coast patrols along the coast lines of the United States. The movement has been started by private individuals who propose to place their services at the disposal of the federal government in time of war.

The president was informed by the Portland Chamber of Commerce that it had approved a committee, comprising the cities of Portland, Bangor, Waterville, Augusta, Brunswick, Bath and Lewiston to raise \$10,000 to purchase a hydro-aeroplane and the equipment of an aerial coast patrol to cover the coast from Portsmouth to the mouth of the Penobscot river. It was suggested that such a patrol was essential for national defense, and that the step taken in Maine might serve to encourage similar action by other states through which the entire coast line would be protected.

The president sent the following telegram to the president of the Portland chamber:
"I join with the secretary of war and the secretary of the navy in feeling a very great interest in the development of aerial service and in hoping that your citizens will meet with entire success in their interesting undertaking."

LAWYER CENSURED BY NEW YORK COURT

By Morning Journal Special Leased Wire.
New York, Nov. 5.—Edward Lauterbach, who was counsel for David Lamar at the time of Lamar's alleged impersonation of Representative A. Mitchell Palmer and Speaker Clark, in telephone calls to friends of the late J. P. Morgan, was today ordered severely censured by the appellate division of the supreme court for the part he played in Lamar's practices. This consisted largely of seeking to obtain employment as an attorney by J. P. Morgan & Co., through misrepresentations.

No facts other than those disclosed at Lamar's trial in December, 1914, on the charge of having impersonated a government official, were mentioned in the court's decision. Lamar was found guilty and sentenced to two years' imprisonment.

SUPREME COURT GRANTS STAY TO COLONEL BULGER

Soldier of Fortune, Who Was to Have Been Executed for Murder Within 12 Hours, Gets Another Chance.

(By Morning Journal Special Leased Wire.)

Denver, Nov. 5.—Less than twelve hours before the time fixed for his execution, the Colorado supreme court today granted a stay of execution in the case of James C. Bulger, sentenced to hang for the murder of L. E. Niordenum, a Denver hotel man. The court further ordered that the district court in which Bulger's case was pending, reconsider Bulger's case with reference to his present sanity. The action of the supreme court is said to have been unprecedented in the history of Colorado and one of the very few cases where similar action was taken in the history of American criminal law.

Bulger, a soldier of fortune; a Mexican general during the Mexican revolution against Porfirio Diaz and a veteran of numerous uprisings in Guatemala, Peru and Honduras, was overcome at the news which reached him in the death cell at Canon City. "I had given up all hope and was prepared to meet my God," he told his intimates.

Thomas J. Tryon, warden, said it was the best news he had heard in months, since he believed there was a question as to Bulger's sanity.

Bulger, while intoxicated, shot and fatally wounded Niordenum, one of the proprietors of a local hotel where Bulger was maintaining headquarters for a recruiting station to raise a regiment for service in an expected war between Mexico and the United States.

His attorneys set forth a plea of insanity at the trial in the district court at which he was convicted and sentenced to death. The sentence was affirmed by the supreme court. The state pardons board, on October 29, issued evidence in support of the plea that Bulger was insane but declined to recommend clemency to the governor.

Governor Carlson had stated that he would not interfere and expressed the conviction that the condemned man was sane. Yesterday, Judge J. D. Wright in district court refused to issue a writ of habeas corpus sought by Miss Pauline Bulger of Brooklyn, a writer, upon the ground that her brother was insane. Judge Wright ruled that he could not issue the writ, since it was not shown that the defendant was illegally deprived of his liberty.

Bulger is about 35 years of age. He gained notoriety at one time by "blowing up" the town of Bulger, Colo., which he founded and named. On another occasion, it is charged that he shot and wounded J. R. Franklin, a private in the United States army at El Paso, Tex.

The stay was granted to January 2, 1916.

ELECTION FRAUDS IN PITTSBURGH CHARGED

By Morning Journal Special Leased Wire.
Pittsburgh, Pa., Nov. 5.—Sweeping investigations into alleged election frauds will be made by the grand jury which convenes here Monday. Upon the suggestion of District Attorney R. H. Jackson, Judge John C. Haymaker today ordered that the grand jury inquire into alleged irregularities in the primary election on September 21, which resulted in the vote of an entire ward in Braddock being thrown out. An investigation into the distribution of fake specimen ballots at a number of polling places last Tuesday in an effort to defeat the woman suffrage amendment in Allegheny county will also be made according to the district attorney, who declared that under the law the firm that printed the fake ballots is guilty as well as whoever ordered the printing.

\$5.92 WORTH OF MILK USED; \$32 OF LIQUOR

By Morning Journal Special Leased Wire.
Chicago, Nov. 5.—A country-wide education campaign to cost \$250,000 for the purpose of teaching the public to use milk as a means of decreasing the cost of living and for improvement of health was authorized by the national dairy council today. The association met in annual session here and Henry Baird Hayll, of Chicago, was elected president for 1916. In addition to placing the health value of milk, some of the speakers said that its use was far less general than any other drink.

Per capita consumption of milk, it was stated, was \$5.92 each year at eight cents a quart; that of liquors, \$32, and soft drinks and candy, \$4.90.

TUBERCULOSIS BEST CHECKED BY SEGREGATION

By Morning Journal Special Leased Wire.
Albany, N. Y., Nov. 5.—Registration and segregation of persons having tuberculosis were advocated as the surest way of combating the spread of the disease before the joint meeting of the North Atlantic Tuberculosis conference and the New York Tuberculosis conference today by Dr. Victor G. Heiser, director of the department of health of the Philippines islands. He declared that the milder had been stamped out of Victoria, Australia, by this means.

A resolution was adopted by the conference urging the appointment of a national committee to conduct investigation into the social and medical value of tuberculosis and methods of prevention.
